- Scan the QR code below.

Are you between the ages of 18 and 50?

You may qualify for a Life University study designed to examine how the nervous system responds to different aspects of the chiropractic adjustment.

- Participation will take about four (4) hours and require you to visit the Center for Chiropractic Research (CCR), two (2) different times – one (1) week apart.
- Participants can earn **up to \$50 in gift cards.**

This study has been approved by the Life University IRB.
